

Ecology Summer Student

Tannas Conservation Services Ltd. (TCS) is offering a summer student position for the 2025 field season to assist our field ecology teams in the mountain regions of Alberta and southeastern British Columbia. This opportunity is open to post-secondary students pursuing environmental disciplines (e.g., environmental sciences, rangelands, biology, reclamation, conservation biology, ecology, etc.) who are set to graduate between 2025 and 2027. The ideal candidate will have a keen interest in developing field skills, including but not limited to native plant identification, ecological health assessments, weed identification and management, restoration planting, greenhouse propagation, and forest health. The position requires the candidate to be willing to travel for shifts of up to ten days in length, participate in field safety training, and work in steep mountainous terrain.

TCS is a unique, small consulting firm passionate about tackling intricate environmental projects in the diverse landscapes of western Canada. We thrive on challenging endeavors and cutting-edge science and work with clients in a wide variety of industries including, but not limited to, government, not-for-profit organizations, landowners, mining, oil and gas, and renewables. At TCS, we have a culture of collaboration and team members often support each other on various programs. This fosters the development of comprehensive ecological skills within our team, provides valuable opportunities for team building and learning, and enables us to meet complex client needs.

Roles and Responsibilities:

- Support field programs primarily in Alberta and BC
- Communicate and build collaborative relationships with team members, clients, and subcontractors
- Participate in all aspects of the TCS safety program

Requirements and Skills:

- Canadian citizen
- Enrolled in a science-based program at an accredited post-secondary institution
- Valid class 5 driver's license
- Comfortable and competent working independently and self-driven
- Passion for challenges, learning, and open to diverse types of work

Employment Summary

Term:	May 2024-September 2024
Location:	Calgary
Duration:	Full-time Position
